FEATURED PROJECTS

Brewmanity - <https://christianprestridge.com/brewmanity/>
Alternatively Controlled 3D Arcade Game

On a team of 3, fabricated a custom game controller and developed an accompanying 3D arcade game.

- Modeled, rigged (where applicable), and textured dozens of game props and environment pieces.
- Created procedural material system to dynamically apply grunge to environment props.
- Developed core loop, gameplay systems, visual effects, and user interface using Unity and C#.

The Daily Crossle - <https://christianprestridge.com/the-daily-crossle/>
Daily Crossword Puzzle Mobile Game

Developed a mobile puzzle game with daily crossword puzzles.

- Developed a custom procedural puzzle generation system to dynamically create unlimited daily puzzles.
- Created mobile-friendly control scheme for drag and drop tile placement and rotation.

Audio Pixel Collider Installation - <https://christianprestridge.com/audio-reactive-art-installation/>
Audio Reactive Art Installation

Created a retro-inspired, audio-reactive art installation that was exhibited at AET's Audio Pixel Collider event.

- Developed, with p5.js and JavaScript, a synth-wave retro-inspired art installation with audio reactive animations.

WORK EXPERIENCE

Days Inn
Maintenance

Jul 2023 – Jul 2025 (Seasonal)
Bay City, TX

- Performed routine maintenance, including lawn-care, pool-care, and general repairs.
- Maintained cleanliness of outdoor areas, removing trash and debris from parking lots and lawns.

Copperas Cove Independent School District
Information Technology Assistant

Jun 2021 – Aug 2021
Copperas Cove, TX

- Tested, diagnosed, and repaired computer systems to maintain healthy operation of district equipment.
- Implemented logistical solutions to ensure smooth deployment of thousands of district computer systems.
- Conducted emergency network repair to minimize downtime during critical registration periods.
